

About Us.

We believe in Access For All, and we help Canadians participate in their communities by providing them with mobility services, using multiple modes of transportation, designed for their every need. **Because We Care About Their Journey.**

We're a Public Transit company servicing Industry, Communities and Individuals with para, shared and personalized transportation

Voyago and The Town of St. Thomas A Private Public Partnership.

Voyago and the Town of St. Thomas have been working together in a Private Public Partnership framework for over ten years. This dynamic, close-working relationship, allows St. Thomas and its

people, access to a first class, highly efficient community transit system.

This vital service supports the retail environment, employment opportunities, and

social service sectors with much needed mobility for their patrons.

Working Together.
Better Together.

Voyago has been providing Canadians with trusted mobility since 1979. Our business was founded on the principal of 'doing things

right even when no one is watching'. Our promise is to exceed expectations each day to our over 50,000 riders. Our product is Care, delivered

by a skilled team of drivers, attendants, maintenance workers, logistics and office administrators and customer care agents.
