Ontario is wide-spread and rural, and nobody knows it better than Voyago. This past year Voyago has been chosen by more communities to help operate Ontario's Rural Inter-Community Transit

program. ICT connects people of rural communities to their neighbouring towns, urban centres and vital employment, healthcare, and education services. ICT keeps Ontario's rural communities

connected, vibrant, and accessible. Voyago is Ontario's Mobility Service provider and we're helping keep Ontarians Connected.

Voyago has been providing Canadians with trusted mobility since 1979. Our business was founded on the principal of 'doing things

right even when no one is watching'. Our promise is to exceed expectations each day to our over 50,000 riders. Our product is Care, delivered

by a skilled team of drivers, attendants, maintenance workers, logistics and office administrators and customer care agents.
